Pooled Special Needs Trust

Our Promise

You incur damages as a result of someone else's negligence. You wait for what seems like forever to obtain a settlement. You pay attorney's fees and other costs associated with your settlement. Finally, your settlement is nearing its final stages. Now, you're faced with the reality that, if you want to keep your Medicaid, SSI or other benefits, you can't keep your money. Instead, you have to turn it over to some Trustee that you don't know. It doesn't seem fair. We want to lessen the blow as much as possible. It's what we do and it's why we're here.

Here's our promise to you:

1. We will work tirelessly to provide you with the fastest and most convenient access to your money allowable by law.
2. We will treat you with courtesy and respect.
3. We will answer all of your questions and return your telephone calls within 24 hours.
4. We will administer your trust account with unparalleled expertise, efficiency, and attentiveness.
5. We will be responsive to your needs.
6. We will diligently monitor the laws of your state and the federal laws to ensure that the use of your trust will not affect your eligibility for valuable governmental assistance.
7. Although we serve individuals throughout the nation, we will make it our absolute number one priority to make you feel as if we were just around the corner.
